

# UNDERSTANDING THE DEPARTMENT OF WAR

## Direct Industry Investment for Manufacturing Programs

### Office of the Under Secretary of War for Research and Engineering

### Office of the Under Secretary of War for Acquisitions and Sustainment

**IBAS**  
**Industrial Base Analysis and Sustainment**  
 strengthens the U.S. defense industrial base by monitoring, mitigating vulnerabilities, and investing in key capability areas like microelectronics and energy storage to ensure national security

**DPA Title III**  
**Defense Production Act Title III**  
 strengthens domestic supply chains critical to U.S. defense and national security by partnering with industry to mitigate gaps through investments in critical production, commercialization of research and development, and scaling emerging technologies

### OTHER DEFENSE PROGRAMS

**SIBR / STTR**  
**Small Business Innovation Research / Small Business Technology Transfer**  
 provide funding for small businesses to conduct research and development and commercialize innovative technologies, with STTR requiring collaboration with a research institution

**DIU**  
**Defense Innovation Unit**  
 accelerates the adoption of commercial technology into the DoW across seven key sectors to strengthen national security and transform military capabilities
