Department of Defense Manufacturing Technology Program

Convenes through Joint Defense Manufacturing Technology Panel (JDMTP)

ARMY	NAVY	AIR FORCE	DEFENSE LOGISTICS AGENCY	*Ex-officio Member* MISSILE DEFENSE AGENCY	OFFICE OF THE SECRETARY OF DEFENSE (OSD)
Manufacturing Technology	Manufacturing Technology	Manufacturing Technology	Research & Development	Industrial Manufacturing & Technology	Manufacturing Technology

The JDMTP reports on manufacturing technology issues of multi-service concern and receives direction from the OSD Manufacturing Technology Office

JDMTP Subpanels

- Composites
- Electronics
- Metals
- Advanced Manufacturing Enterprise

JDMTP Working Groups

- Energetics and Munitions
- Power Sources
- Directed Energy
- Manufacturing Readiness Level

OSD Manufacturing Technology Office

Reports to Under Secretary of Defense for Research and Engineering

Investment Portfolios	Manufacturing Collaboration Engine
Manufacturing Science & Technology Program (P-680)	Support to Joint Defense Manufacturing Council and Working Groups
Manufacturing Education & Workforce Development (P-351)	Support to White House Subcommittee on Advanced Manufacturing
DoD Manufacturing Innovation Institutes (P-350)	Support to Manufacturing USA

DoD Manufacturing Innovation Institutes

- America Makes
- MxD
- Alift
- biofabusa — Manufacturing the Future of Biofabrication
- ARM Institute
- NextFlex
- AIM Photonics
- BioMADE
